Dear Students and Parents,

The staff and administration of Ipswich High School welcome you as you begin the 2016-17 school year. We hope that you are excited to participate fully in the high school experience and that you feel both encouraged and challenged to access the variety of extracurricular activities and core academic programs that Ipswich High School offers.

The student-parent handbook serves multiple purposes. First and foremost the handbook spells out important rules and regulations that serve as guidelines for student behavior. The safety and well being of our students is paramount. Respect is the key to a successful school experience and is a mutual expectation for all in the school community. Parents should take time to review these expectations with their students. The home school partnership is an essential component of school success. Secondly, the handbook provides important information about programs and district policies including how to access programs and services and the appropriate contacts for each. Finally, the handbook contains a school calendar and assignment notebook that students can use to keep track of their assignments and time. We hope that you will use this as a tool to help keep you organized as you work through the academic year.

We look forward to a great year filled with excitement and accomplishments!

Sincerely,

David R Dalton
Principal

STUDENT'S CODE OF CONDUCT AND REGULATIONS

As an Ipswich High School Student you will be preparing to take your place in an increasingly complex world that requires self-motivation, a sense of responsibility, respect for oneself and the individual differences of others. You will be challenged academically and encouraged to participate in as many aspects of school life as possible. It is our goal to assist you in the development of the skills necessary for you to succeed in high school and in life as well as to prepare you for your role as a responsible adult in the world.

Your handbook is designed to assist you with the daily routine of IHS. The Code of Conduct is alphabetized by category and other related information can be located in the Appendix. Discipline is considered an aspect of the learning process and it is hoped that all students will exercise the highest form of discipline: self-discipline. You are responsible for abiding by the handbook. It should be used as an outline to guide you in areas that may lead to disciplinary consequences for your actions. Your self-reporting, honesty and cooperation will be taken into consideration if there is to be disciplinary action for an infraction to the Code of Conduct. The handbook is not all inclusive. Any handbook violation deemed of a serious nature may be referred to the Superintendent and or School Committee for additional disciplinary action. The Ipswich School Committee has adopted the Code of Conduct and reserves the right to impose disciplinary action in case of an emergency.

ALCOHOL BREATHALYZER PROGRAM

Attendees at school dances and proms will be subject to random alcohol screening using a Breathalyzer device. Students will be selected using a random method determined prior to each event. The random process may involve assigning numbers in advance (every 10th student who enters) or a computer assigned random selection. The process will remain random. Students who display behaviors or actions that warrant particular suspicion will be subjected to a Breathalyzer.

School officials administering the Breathalyzer will receive training in advance to insure proper use of the equipment.

ACTIONS:

1. A student who refuses a breathalyzer test will not be admitted to the event, will be denied access to similar events for the remainder of that year, and parents will be notified.

A guest who refuses to take a Breathalyzer test will be denied admission and will be restricted from attending any future events at Ipswich High School.

2. A student who records a Breathalyzer reading of .02 or greater will be considered to be under the influence of alcohol. The students' parents will be notified and requested to transport the student home from the event. A hearing will be scheduled with the school administrators. Handbook rules will apply. The punishment may include a suspension from school of 5 days. Attendance at similar functions will be denied for the remainder of the school year.

Students who recorded a .02 or greater on the Breathalyzer and who acted as the driver of a car that transported other students or themselves will be reported to the police for legal action. The driver of

a car is considered to have a greater burden to act in a manner designed to avoid harm to the occupants of their vehicle.

A student who has driven to the event, and found under the influence as a result of a Breathalyzer test, will have the vehicle searched. The vehicle will be released to only the parents or police officials.

APPEAL PROCESS

Discipline administered to a student by the Assistant Principal may be appealed by a student or parent to the Principal. Discipline administered by the Principal may be appealed to the Superintendent of Schools if the punishment falls outside the prescribed punishment listed in the Student-Parent handbook or if unusual or extenuating circumstances exist and were not considered in the original disciplinary hearing. Discipline may not be appealed solely on the basis of the discipline if it falls within the handbook guidelines. The Principal or Superintendent reserves the right to increase the punishment that has been appealed if the circumstances warrant additional punishment. (See grievance procedures page 37.)

ATTENDANCE

It is important that we do everything possible to encourage your regular attendance at school. There are two types of absences from school: excused and unexcused.

An excused absence allows the student to make up missed work. It should be noted that only written and reading assignments or tests can be made up. Class participation and interaction with the teacher, from which much knowledge and growth occurs, is impossible to make up. As a result of an unexcused absence, the student cannot make up the missed work and receives a failing grade for missed work.

The school administration will grant excused absences for the following reasons:

1. Illness or incapacitation
2. Court summonses
3. Family emergencies
4. Medical or dental emergency appointments
5. Pre-planned family educational trips, college visits and school field trips.
6. Religious holidays
7. Other emergencies approved by the administration.

Ipswich High School is equipped with voice mail which helps to accommodate our attendance policy. Messages may be left at any time of day. A parent/guardian must contact the office at extension 101 before 8:15 on the date of absence. A student must be in school by 8:30 a.m. to participate in or attend any extracurricular event on that day. It is the student's responsibility to provide documentation for any absences. Upon returning to school, the student must first report to the main office with a parental note which includes the full name of the student, date and reason for the absence. Failure to do so will result in an office detention. The note will be placed in the student's file and may be referenced if there is a discrepancy or to explain any reasons for long term

absences. Please note that voluntary student absences (vacations, family trips, etc.) will not be waived and will count towards a student's total absences for the year.

ATTENDANCE-Effect on Grades

Students will not receive credit for a year-long course if their total absences (excused, unexcused or voluntary) from class exceed 19. Students will not receive credit for a semester course if their total absences from the course exceed 10. Students enrolled in a course that meets for one quarter must not exceed 5 absences from the class. The administration may notify a student that continual excessive tardiness to class will result in an unexcused absence. This includes courses that receive full credit and meet for a semester.

Waivers for exceptional circumstances may be granted by the Assistant Principal. College visits and field trips must receive prior administrative approval to be considered for a waiver. Requests for waived absences must be submitted to the Assistant Principal within 10 days after the end of the quarter during which the absence(s) occurred. Requests submitted after the 10 days have expired will not be granted.

BACKPACK POLICY

Students may bring backpacks to their classes. Backpacks and all other types of bags must be compact enough to fit in the wire cage beneath classroom seats. In classrooms with seats that do not have seats with wire cages (band, tech, arts) teachers will determine an appropriate place to store backpacks.

BULLYING

Reference full on-line bullying policy at:

http://www.ipswichschools.org/District/pdfs/sup/Ipswich_Bullying_Prevention_and_Intervention_Plan_Dec_2010.pdf

Bullying is the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that result in one or more of the following:

1. Causes physical or emotional harm to the victim or damage to the victim's property.
2. Places the victim in reasonable fear of harm to himself or of damage to his property.
3. Creates a hostile environment at school for the victim
4. Infringes on the rights of the victim at school
5. Materially and substantially disrupts the education process or the orderly operation of the school.

Cyberbullying involves bullying through the use of any electronic communication. If the communication involves any of the 5 above listed conditions, it is considered cyberbullying.

Bullying regulations apply not only in school buildings but also on school grounds, at school sponsored events and activities, and through the school's technology and electronic devices. Bullying at non-school activities or locations that involves any of the 5 above listed conditions is subject to these regulations.

Upon confirmation of a bullying incident, students will be subject to disciplinary actions that range from a conference to suspension from school. The Superintendent of Schools and/or police department may be notified if further action is deemed necessary.

Reprisals, threats or intimidation of a student who reports incidents of bullying or harassment will be treated as a serious offense and may result in a five-day suspension. A referral may be made to the Superintendent of Schools for disciplinary action including referral to the School Committee for further action up to and including permanent expulsion from school.

All reports of bullying or harassment will be treated as confidential and will be maintained in such a way as to protect both the student and the accused

BUS CONDUCT FOR STUDENTS (Ipswich School Committee Policy EEACC)

Transportation to and from school is provided for those students who do not walk to school. There is no after school transportation. The Director of School Support Services located at the Central office 356-2935 x.121, is the contact person regarding transportation. Buses will leave the school at approximately 2:21, except on Thursday's when they leave at 1:17.

All school transportation should be a safe, orderly and efficient activity. The Ipswich School Committee expects system wide transportation in accordance with the law and administrative regulations. Students should be aware, however, that transportation is a privilege and not a right and that the School Committee has delegated the administration of all discipline issues to the transportation contractor. The Principal must be notified of all disciplinary actions by the contractor.

BUS RULES

1. Be on time for the bus
2. Stay off the street while waiting for the bus
3. Board the bus in a single line, in an orderly manner; do not push and rush toward the bus door
4. Be seated promptly without disturbing others & remain seated while the bus is moving
5. If the bus driver assigns you to a particular seat, take it without arguing
6. Do not bring animals (dead or alive), toys or large objects on the bus; knives and other weapons are not allowed
7. Do not shout or make loud noises; use only language that would be proper in the classroom
8. Keep aisles clear of books, lunch boxes, bags and other objects
9. Do not push, fool, fight, wrestle or otherwise annoy anyone

16. Help keep the bus clean; do not soil or damage seats, glass or other parts of the bus, do not litter
17. Show respect for the bus driver and follow instructions without arguing
18. Bus riders should not distract the bus driver

These rules are necessary for the protection of the health, safety and welfare of all students riding the buses. Abuse of these rules could result in denial of the privilege of riding the bus as well as being financially liable for the damage caused.

CAFETERIA CONDUCT

Hot and cold lunches are served in the cafeteria during regularly scheduled lunch periods. The cafeteria will operate on an I.D. number system using a debit approach. We encourage students to access the recycling bins as part of the disposal of trash. All students will receive student identification cards. Weekly/monthly lunch can be purchased in advance.

Students are expected to conduct themselves in an orderly manner during lunch periods and to properly dispose of trash upon completion of their lunches. Students who misbehave during lunch periods and/or fail to dispose of their trash upon completion of lunch will be assigned 1 day of detention for the first offense. Subsequent violations will result in 3 to 5 days of detention. Students involved in food fights in the cafeteria may warrant a suspension from 1 to 3 days.

CLASSROOM DECORUM

Students should be properly prepared for class, having appropriate materials and texts, take care of the property within the classroom and maintain respectful behavior towards staff and fellow students. If a student's behavior is such that the student is asked to leave the classroom, the student must do so immediately. Failure to leave the classroom and/or refusing to report to the office may be a suspendable offense. Science labs, Art, Technology Education and Physical Education are examples of classes where inappropriate behavior could jeopardize the safety of others. Depending on the severity, misbehavior in these settings may result in a suspension.

COMPUTER USE/ABUSE

The use of the Internet and other computer software is a privilege. This privilege may be revoked at any time for abusive conduct. Examples of behavior which may result in the loss of the Internet/computer privileges:

1. Sending hate mail, making discriminatory remarks and any other antisocial behavior
2. Accessing or processing pornographic material, inappropriate text files, or any files dangerous to the integrity of the local network
3. Using the Internet for financial or commercial gain
4. Using the Internet to harm other people
5. Interfering with other people's computer work

6. Trespassing in other people's files
7. Using someone's name without their permission
8. Downloading and using software for which you have not paid
9. Using other people's computer resources without authorization
10. Using the Internet for illegal activities

There is access to many areas of the Internet. Students are reminded that each area has its own policies and procedures. It is the user's responsibility to be knowledgeable of and abide by each area's specific policies and procedures. Students are responsible for good behavior on-line. Students are expected to abide by the generally accepted rules of network etiquette. These include (but not limited) to the following:

1. Be polite, use appropriate language and do not send abusive messages to others
2. Illegal activities are strictly forbidden
3. Do not reveal personal information about yourself and family or members of the school
4. Do not use the network in such a way that the use of the network by other users would be disrupted
5. Assume that all communications and information accessible via the network is private property

Student computer files and disks are considered to be school property and are subject to search.

The consequences for abusing the Internet will be determined by school officials. The severity of the consequences will depend on the severity of the offense. Consequences include loss of access to computers for the remainder of the school year as well as disciplinary action up to and including suspension. (For reference see Appendix Y)

CONDUCT AT OFF-SCHOOL ACTIVITIES

Students behavior at all school related sponsored events, regardless of where the events are held, is governed by the rules listed in the Parent-Student Handbook. Proper behavior, consideration for others and general good manners are expected at all school events.

DANCE RULES AND PROCEDURES

1. All school rules apply
2. Registered/approved guests are welcome. The host student is responsible for their guest
3. Once admitted, students who choose to leave the dance will not be readmitted and must leave school property.
4. Breathalyzer Policy applies.

DETENTION (Teacher)

Teachers may assign students to report to them after school until 3:05 p.m. to discuss behavior, make up work, provide extra help, etc. A twenty-four hour notice will be given before the assigning of a teacher detention. If a student is simultaneously assigned teacher detention and office detention, teacher detention takes precedence. The student is responsible for bringing a teacher signed note to the office detention room.

The student must reschedule the office detention at that time. Failure to report to a teacher detention will result in 3 days office detention.

DETENTION (Office)

Detention will be assigned for failure to abide by the rules as stated in the Code of Conduct or for failure to report to teacher detention. Students will be notified the day before the detention is to start. Failure to report to office detention will result in 5 days detention. Subsequent failure to attend office detention may result in suspension. Students may not accumulate more than 10 consecutive days of office detention. DISMISSALS

Parents/Guardians may request the dismissal of their student by submitting a note to the office no later than 7:45 a.m. In the event of an emergency or unforeseen circumstances a phone call requesting the dismissal will be accepted with a written note brought to the office on the return to school. The note should include the name of the student, date, time and reason for dismissal and the signature and telephone number where a parent/guardian can be reached. Dismissal requests may be verified by a telephone call from the school office.

The reasons for which the administration will excuse a dismissal will be the same as those for an excused absence (see section on ABSENCES). Students dismissed for any other reason will receive an unexcused absence. The administration reserves the right to deny a dismissal request for cause. A student who is dismissed before 1:30 p.m. Monday, Tuesday, Wednesday and Friday or 12:30 p.m. on Thursdays forfeits the privilege to participate in and/or attend any extracurricular activities on that day.

Students must sign out at the main office at the time of their dismissal and when applicable must sign in upon their return.

DRINKING (Use of Alcoholic Beverages)

The possession, odor of, use, sale, supplying, giving or purchase or the attempt to possess, use, sell supply give or purchase alcohol, will result in the student being suspended from school for 5 days maximum with a referral to the Superintendent of Schools. Subsequent offenses will be referred to the Superintendent for further action including the possibility of long-term suspension. A portion of the suspension may be waived by the Principal/Assistant Principal if:

1. The student and the family agree to a drug/alcohol treatment agency and to follow the recommendations of the agency's counselor. The student will be readmitted to school upon

providing evidence of a scheduled appointment for the assessment. The student will have a two-day grace period in which to make the appointment.

2. The student agrees to seek some other form of assistance consistent with the student's religious beliefs and practices and that decision is approved by the school administration.

The possession, odor of, use, sale or purchase of these substances or what is represented to be these substances is forbidden on school grounds.

In accordance with expulsion provisions required by the Education Reform Act of 1993, any student who is found on school premises or at school sponsored or school related events, including athletic games, in the possession of a controlled substance as delineated in Chapter 94 of the General Laws, including but not limited to, marijuana, cocaine and heroin will be subject to long term suspension or expulsion. Expulsion is the permanent exclusion from school.

If a student receives a long-term suspension, a portion of the suspension may be waived by the school administration if the student successfully participates in a drug abuse counseling or treatment program. The amount of suspension time waived will depend on the length and quality of the student's participation in the counseling or treatment program.

Students suspended for violation of these rules may be required to provide a physician's statement verifying the student's physical and psychological ability to return to school.

If a student has the odor of alcohol and/or any other drug on their breath or person and tries to attend school or a school function, that student will be denied admission and suspended from school for up to 5 days for the first offense. Repeated offenses will result in suspension and a possible referral to the superintendent. This situation gives school officials the right to perform a search of the student and his/her possessions.

Students who use alcohol or drugs on a school trip or at a school sponsored event will be subject to the same disciplinary action including suspension and possible expulsion and criminal charges, as for in-school use and may be sent home at the family's expense.

Police will be notified whenever illegal drugs are found. Disciplinary action, up to and including expulsion and criminal charges may result.

FUNCTIONS AND CO-CURRICULAR APPROVAL

All requests to hold class, club or organizational activities must be submitted to and approved by the Assistant Principal at least 3 days prior to the event.

HARASSMENT - SEXUAL (Student)

Sexual harassment is unwanted sexual attention from anyone with whom the student may interact in the course of receiving their education in school or at school sponsored activities. The following behaviors from an individual are considered examples of sexual harassment:

- staring or leering with sexual overtones
- spreading sexual gossip
- unwanted sexual comments
- pressure for sexual activity
- unwanted contact of a sexual nature
- sending sexual notes or pictures
- pulling off someone's clothes
- pulling off your own clothes
- making comments and references about another's body

If a student believes that they have been sexually harassed by another student, they should report it to a trusted teacher, guidance counselor, parent/guardian, Assistant Principal or Principal. Any accusation of sexual harassment will be investigated by the Assistant Principal or Principal. A written report of the investigation will be filed with the Principal and Superintendent of Schools.

If it is determined that a student has sexually harassed another student the consequences will be:

1. A parent-student conference will be held with the Assistant Principal or Principal.
2. The student may be asked to apologize to the victim.
3. The student may be asked to write a paper on the topic of Sexual Harassment.
4. Depending on the severity of the incident, a student will be assigned 3 to 5 days of office detention and/or receive suspension from school.

A referral may be made to the Superintendent of Schools for disciplinary action including referral to the School Committee for further action up to and including permanent expulsion from school.

All reports of sexual harassment will be treated as confidential and will be maintained in such a way as to protect both the student and the accused.

HARASSMENT-SEXUAL (Adult)

Any sexual behavior or inappropriate sexual comments from an adult towards a student is unethical and is considered sexual harassment. The adult is fully responsible for their behavior. If it is

believed that an incident of sexual harassment has occurred the student should report the incident to a trusted teacher, guidance counselor, parent/guardian or administrator. The staff member is required to report the incident to an administrator. The administrator will conduct an investigation and file a written report with the Superintendent of Schools. If it is determined that the adult has sexually harassed the student, a referral will be made to the Superintendent of Schools for disciplinary action.

Reprisals, threats or intimidation of the reporting victim by the accused adult will not be tolerated and must be reported to the Principal/Assistant Principal.

HAZING

Hazing is prohibited at Ipswich High School. Hazing is any conduct or method of initiation into any student organization whether on public or private property which willfully or recklessly endangers the physical or mental health of any student. HONESTY AND ACADEMIC INTEGRITY

Students are expected to be honest and truthful in their dealings with each other and school personnel. A student who uses or attempts to use a note, corridor pass or other document containing a forged or altered signature may receive 5 days office detention by the Assistant Principal. Lying or misrepresenting the truth to a staff member as it relates to observance of school rules or the law may result in suspension.

Plagiarism and cheating is not acceptable behavior. Examples of cheating or plagiarism include, but are not limited to: providing materials (tests, quizzes, projects or papers) to another student from a current or previously taken course; purposeful communication of information or use of unauthorized resources during a testing environment; and purposeful distribution of work/answers via printed, electronic, or verbal format to other students when such work will be considered for grading purposes. Examples of Plagiarism include, but are not limited to: taking someone else's work or ideas and passing them off as your own, copying words or ideas from someone else without giving credit; failing to put a quotation in quotation marks; giving incorrect information about the source of a quotation; changing words but copying the sentence structure of a source without giving credit to the source; and copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not. The burden of proof that the student has written an original work lies with the student. The student may be requested to provide their teacher/administrator with a rough draft, a bibliography, parenthetical citations, copies of their sources, and other materials and will have to demonstrate their knowledge of content.

For the first offense, the student will receive a zero on the paper, exam, etc., be ineligible to the National Honor Society for one year and be ineligible for the Distinguished Achievement Award for one year from the date of the offense. Leadership roles in clubs, activities or extra-curricular teams will be suspended for 2 weeks. A conference will be held with the parent/guardian, student, teacher, and assistant principal.

For a second offense, the student will receive a zero on the paper, exam, etc., be suspended from school for up to 3 days, and be ineligible to the National Honor Society and for the Distinguished Achievement Award for the remainder of their High School career. Leadership roles in clubs, activities or extra-curricular teams will be lost for the remainder of the school year and the following school year. A conference will be held with the parent/guardian, student, teacher, and assistant principal.

For subsequent offenses the student will receive a zero on the paper, exam, etc. and be suspended from school for up to 3 days.

A student with an unexcused absence is not permitted to take tests that were missed or to make up work. Missed work (including tests) must be made up in a period of time after returning, equal to the number of school days absent plus one. A five person Faculty Council appointed by the Principal reviews the surveys completed by academically eligible students for induction into the Agawam Chapter. Students who completed surveys but were not selected may appeal to the Principal. The Principal's role is only to be sure that all facts were available and the correct procedures were followed. National Honor Society Probation Procedure: If a member does not maintain the standards previously established by the Agawam Chapter of the National Honor Society, as outlined above, the following steps will be taken:

1. A letter will be sent to the student (and parent if under 18 years old) indicating that a warning period is in effect.
2. A meeting will occur with the probationary student and the National Honor Society advisor.
3. The student (and parent if under 18 years old) and the National Honor Society advisor must sign the student's contract acknowledging:
 - a. the nature of the problem,

- b. an awareness of the student's responsibility to continue to meet the National Honor Society's requirements,

If the probationary member is unable or unwilling to meet the terms in the contract set up by the advisor and signed by the member, the member will be granted a hearing before the Faculty Council to determine if the student should be dismissed from the Agawam Chapter of National Honor Society. The Faculty Council's decision may be appealed within ten school days to the Principal.

If a member's probationary period exceeds eight weeks, the member shall not receive credit for National Honor Society membership towards the Distinguished Achievement Award or any other awards involving membership in the National Honor Society and/or requiring the National Honor Society advisor's signature.

The Faculty Council may dismiss a member if the probationary period exceeds 1 semester. The Faculty Council's decision may be appealed to the Principal.

A student who has been dismissed from the National Honor Society will not be eligible for membership in the Agawam Chapter of the National Honor Society in subsequent years.

PARKING AND AUTOMOBILE REGULATIONS

A fee of \$50 per student driver provides a permit for the school year. Students who request a parking permit after the first day of the second semester are charged a fee of \$25. Fees are not refundable. Students who fail to display a permit will be assessed a \$5 fee for each day they park without the permit. A parking pass does not guarantee a space will always be available, especially during inclement weather.

Students may not remain in vehicles or stand in the vicinity of the parking area unless they obtain permission from the Principal or Assistant Principal to go to their vehicles during the school day. Careless driving, excessive speed, discourtesy to other persons or vehicles, failure to park properly, remaining in a parked vehicle or loitering in the parking area will result in loss of parking privileges and/or detention or possible suspension depending on the severity of the offense.

the school must be notified in writing by a parent and/or student by October 1. Forms are available in the office.

SEARCHES

School officials may search a student's person, a student's locker and/or desk, book bag and any luggage taken on athletic, band or other school trips if there is reason to believe that drugs, alcohol or contraband are being held or transported therein, if school rules are being violated, and/or a student's actions jeopardize their individual safety or that of the school. Vehicles driven by students and parked on school property may also be subject to search.

SMOKING AND TOBACCO USE

Smoking is prohibited in the school and on school grounds at all times. Cigarettes, e-cigarettes, vaporizers, tobacco, nicotine gel, matches, lighters, or any other item used for the consumption of tobacco products will be confiscated and parents may be notified. Any student smoking or in possession of a tobacco product may be suspended one day for the first offense. The Administration reserves the right to offer an alternative to suspension with the possibility of doing a written paper or participation in a smoking cessation program and/or suspension. Subsequent offenses will result in a two to four day suspension.

SNOWBALLS

In deference to the safety of all students, the making and throwing of snowballs and snow or ice will not be allowed. Infractions will result in detention or possibly suspension.

STEALING

Stealing is not condoned. The act of stealing or the possession of stolen property may result in a 1 to 5 day suspension depending on the value of the property stolen. Repeated offenses will warrant referral to the Superintendent and School Committee for further action.

SUSPENSION AND DUE PROCESS

Suspension (in-school, short-term, and long-term), Emergency Removal, and Expulsion

With respect to student discipline, the administration will adhere to all relevant statutes, regulations, and case law, including, but not limited to, M.G.L. c. 71, sections 37H, 37H1/2, and 37H3/4 and 603 CMR 53.00, the text of all of which is attached hereto as Exhibit __ and incorporated herein.

A. In-School Suspension: In-School Suspension is a temporary exclusion from the activities of the regular classroom when deemed appropriate by the administrator. School work is obtained for the student and the student completes their daily assignments and assessments in the main office. All completed assignments and assessments are handed back to the respective teachers for grading. Please note that there is no right of appeal for an in-school suspension.

A student who receives an in-school suspension for a disciplinary offense is entitled to the following process:

1. The principal or designee shall inform the student of the disciplinary offense charged and the basis for the charge.
2. The student shall be permitted an opportunity to dispute the charges and to explain the circumstances surrounding the alleged incident.
3. If the principal or designee determines that the infractions occurred, the principal or designee shall inform the student of the length of the in-school suspension (not to exceed 10 days).
4. On the same day as the in-school suspension decision, the principal or designee shall make reasonable efforts to notify the parent/guardian orally of the offense, the reasons for his/her conclusion, and the length of the in-school suspension.
5. The principal or designee shall also invite the parent/guardian to a meeting to discuss the incident and the student as soon as possible.
6. The principal or designee shall send written notice of the in-school suspension to the student and parent/guardian on the day the suspension is issued.

B. Suspension: Suspension is a temporary exclusion from the activities of the regular classroom, accompanied by a temporary exclusion from school when deemed appropriate by the administrator. Under *Goss vs. Lopez*, 419 U.S. 565 (1975) (and pursuant to various state statutes and regulations) students facing a suspension of ten days or less have interests in their education that qualify them for procedural protections against the unjust deprivation of those interests under the Due Process Clause of the United States Constitution. Before a suspension of ten days or less takes place (a “**Short-term Suspension**”), the school owes a student the following process:

Notice of the charge: The principal or designee shall provide written notice to the parent/guardian, offering an opportunity to meet and to discuss the violation as charged, prior to the suspension taking place.

Meeting with the Principal or designee: The student shall meet with the principal or designee regarding the alleged offense. The principal or designee shall make a good faith effort to include the student’s parent/guardian in this meeting. The parent/guardian, if present, shall have an opportunity to discuss the student’s conduct and to offering additional information or mitigating facts.

Explanation of the evidence: At the meeting, the student shall be told the basis of the accusation, the nature of the disciplinary offense, and any other pertinent information. The student, and his/her parent if present, shall have the opportunity to present additional information and to offer mitigating facts.

However, for a short-term suspension, the student will **not** have the opportunity to secure counsel, to confront and cross-examine witnesses or to call his/her own witness to verify his/her version of the incident. The Principal or designee, in his/her sole discretion, may permit the student to question his/her accuser or present his/her own witnesses.

Written determination: The principal or designee will issue a written determination of the suspension to both the student and the parent/guardian, including the key facts and conclusions reached, and length and effective date of the suspension, a date of return to school, and the opportunity to make up assignments and other needed school work. Please note that there is no right of appeal for a short-term suspension.

Applicability to Students with Disabilities: This provision shall apply to students with disabilities who are suspended for ten (10) or fewer cumulative days in one academic year. Suspensions of students with disabilities exceeding ten (10) cumulative days in one academic year shall be governed by applicable state and federal law.

Long-term suspensions: Students facing a suspension of more than 10 days have the right to a more formal process. These rights include the following in addition to those described for short-term suspensions:

- to review the student's own record and any documents on which the principal may rely, in making his/her decision regarding suspension;
- to be represented by counsel (at the student's expense);
- to present the student's own explanation of the alleged incident;
- to produce witnesses on his/her own behalf;
- to cross-examine witnesses presented by the school or district; and
- to request a recording of the meeting.

For long-term suspensions, the principal's written notice of suspension shall contain all of the information listed in 603 CMR 53.08(3)(d), attached at Exhibit ___.

As part of that information the written notice shall include:

- notice of the student's opportunities to make academic progress during suspension, with information about the school's education service plan; and
- notice of the right to appeal the suspension, with instructions about the process for doing so.

Appeal of long-term suspensions (more than 10 days):

- If a student receiving a long-term suspension (more than 10 school days for a single infraction) wishes to appeal that decision to the superintendent, he/she must do so in writing no later than 5 calendar days following the effective date of the suspension.

- The student or parent/guardian may request an extension of up to 7 calendar days to submit this request for an appeal.
- The superintendent or designee shall hold a hearing within 3 school days of receiving the student's request for an appeal.
 - The student or parent/guardian may request an extension of up to 7 calendar days for this hearing to be held.
- The superintendent or designee must include the parent/guardian in this hearing, or else must show a good faith effort to include him/her.
- At the hearing, the student has the same rights afforded him/her at the principal's meeting prior to issuing the long-term suspension.
- The superintendent or designee will arrange for an audio recording of the hearing, a copy of which will be provided to the student or parent/guardian upon request.
- The superintendent will issue a written decision within 5 calendar days of the hearing, either upholding or lessening the suspension. This will be the school district's final decision on the matter.

C. Emergency removal: Emergency removal of a student is within the principal's authority when, in his/her judgment, the student's continued presence poses a danger to persons or property and there is no adequate alternative to alleviate that danger. Please note that there is no right of appeal for emergency removal, unless the underlying suspension is greater than ten days (then the process for appeal of a long-term suspension described herein will apply). However, the principal or designee shall do the following:

- Make adequate provisions for the student's safety and transportation before removing him/her from school on an emergency basis.
- Make immediate reasonable efforts to orally notify the student and parent/guardian of the emergency removal and the reason for it.
- Provide written notice to the student and parent/guardian.
- Provide an opportunity for a hearing before the principal, with the parent/guardian in attendance, within two school days of the emergency removal (unless the parties agree to an extension of time).
- Render a decision orally on the same day as the hearing, and a written notice of the hearing no later than the following school day.

Academic progress: Any student who is serving an in-school suspension, short-term suspension, long-term suspension or expulsion shall have the opportunity to earn credits, as applicable, make up tests, assignments, papers, and other school work as needed to make academic progress during the period of his/her removal.

D. Expulsion: Expulsion is a permanent exclusion from school. M.G.L., c. 71, section 37H provides the Principal the authority to expel a student who is found on school premises or at a school-sponsored event, including athletic games and fieldtrips, possessing a dangerous weapon, or possessing a controlled substance, or who assaults a principal, assistant principal, teacher, teacher's aide, or other educational staff on school premises or at a school-sponsored or school-related event, including athletic games and fieldtrips. Expulsion proceedings pursuant to this section shall be in accordance with the statutory language, which may be found at Appendix A.

M.G.L., c. 71, section 37H1/2 provides the Principal the authority to expel a student who is adjudicated or admits guilt with respect to a felony or felony delinquency. Expulsion proceedings pursuant to this section shall be in accordance with the statutory language, which may be found at Appendix A.

A student facing expulsion has the following procedural rights:

1. Written notice in the student's primary language that a hearing will be held to determine whether or not to impose an expulsion. Notice shall include the following:
 - a) The date/time/place of the hearing;
 - b) A description of the nature of the allegation and the evidence supporting the allegation against the student;
 - c) A list of witnesses who will appear on behalf of the school;
 - d) A summary of the procedures to be followed and the rights afforded to the student at the hearing;
 - e) Notice of the right to an Alternate Education;;
 - f) The telephone number of the Principal;
2. The right to be represented by a lawyer or advocate (at the student's expense);
3. Adequate time to prepare for the hearing;
4. Access to documented evidence prior to the hearing;
5. The right to request that witnesses attend the hearing, and to question them (unless the student's interest in cross-examining witnesses is outweighed by the need to protect witnesses from possible retaliation);
6. The right to have the hearing transcribed;
7. The right to have the hearing translated into the student's or his parents' or guardians' primary language; and
8. A reasonably prompt written decision including specific grounds for the decision and the process for appeal.

Appeal: A student may appeal expulsion imposed by the Principal pursuant to M.G.L. c. 71, section 37H1/2 (felony convictions, etc.) in writing to the Superintendent within five (5) calendar days of the receipt of the written decision of the Principal to expel.

A student may appeal expulsion imposed by the Principal pursuant to M.G.L. c. 71, section 37H (possession of dangerous weapon, controlled substances, assault of staff, etc.) in writing to the Superintendent within ten (10) days of the receipt of the written decision of the Principal to expel.

Academic progress: Any student who is removed from school pursuant to sections 37H or 37H1/2, including expulsion, shall have an opportunity to receive education services and make academic progress during the period of removal.

Applicability to Students with Disabilities: To the extent that the application of the foregoing policy to students with disabilities conflicts with state or federal laws, such law(s) shall prevail.

Suspended or Expelled Students: Students who have been suspended or expelled from school shall not be eligible to participate in any school functions for the duration of such disciplinary action. Students who are suspended or expelled and return to school grounds or attend school sponsored events may be suspended for additional days and may be referred to the police or other proper authorities for trespassing. The period of suspension ends as of the beginning of the school day on which the student returns to school.

SUSPENSION OF STUDENTS WITH DISABILITIES

Suspension shall be defined as any action which results in the removal of a student from the program prescribed in the Individual Education Plan (I.E.P.). The term includes in-school suspension as well as any exclusion from transportation services which prohibit the student's participation in their prescribed program.

The Program Manager is informed of the suspension of all students. Special provisions apply if a special needs student's suspension accumulates to more than ten days in the school year I.E.P. (IDEA 2004 34 CFR 300-530-536)

TARDINESS TO CLASS

Students are expected to be in their assigned class before the starting bell. If a student is tardy, a teacher detention will be assigned. Habitual tardiness may result in an office referral. Office passes will not be issued to students who are tardy to class.

TARDINESS TO SCHOOL

Daily attendance is taken during the first period class. Students arriving after 7:45 am must check in at the main office before reporting to class. Failure to report to the office will result in disciplinary action.

Students will be allowed 5 tardies per quarter. Subsequent tardiness will result in the student losing the privilege of being involved in any school related clubs, teams or activities. Each tardy in excess of 5 per quarter will result in detention.

Students who are tardy to school may be required to make up any tests, quizzes or work missed from the tardiness on the same day. Any schoolwork missed as a result of unexcused tardiness may not be made up.

Parents or guardians of students who are regularly late to school because of extenuating circumstances must notify the Assistant Principal of this need as soon as possible in order for the tardiness to be excused. The administration recognizes that there are unexpected circumstances that may occur and that are beyond a student's ability to control, (power failures, unsafe weather conditions, etc.), in these situations, a waiver will be granted.

THREATS AND/OR ASSAULTS AND ABUSIVE BEHAVIOR (Faculty and staff)

Students who threaten or assault a staff member are subject to expulsion. If a student damages the property of a staff member, it will result in 5 days suspension. Abusive, obscene or vulgar language or gestures to a member of the staff will result in suspension up to 3 days. If a student poses an immediate physical danger please reference MGL c.71:37H1/2).

THREATS AND/OR ASSAULTS AND ABUSIVE BEHAVIOR (Student)

Students have a right to a safe, secure and peaceful school. Verbal and/or physical assaults are unacceptable. Students who are verbally abusive to other students will be subject to detention or suspension depending on the severity of the offense.

A student who physically assaults another student will be sent home immediately and receive up to 10 days suspension and may result in a referral to the Superintendent for further disciplinary action.

TRUANCY

Truancy is defined as being absent from school without parental permission. Any student who is truant will receive 5 days office detention and not be allowed to make up work missed. Continued offenses may result in suspension.

UNAUTHORIZED ABSENCE FROM CLASS (Cutting)

For each unauthorized absence from class a student will be assigned 5 days detention for the first offense. Subsequent offenses may result in suspension from school. Work missed as a result of an unauthorized absence cannot be made up.

VANDALISM

If school property is destroyed, vandalized or defaced, any student who has knowledge of the act should report it. The student responsible for the vandalism may be suspended from school for up to 5 days and required to make full restitution. Subsequent offenses will result in a referral to the Superintendent of Schools.

VISITORS

Students wishing to bring visitors to the school must get approval from the Principal or Assistant Principal at least 3 days prior to the visit with a note from the host student's parents authorizing the visit. The host student is responsible for the visitor's conduct at all times. If the visitor behaves in a manner that is unacceptable or disruptive to the atmosphere of the school, the guest will be required to leave.

VULGARITY

The use of vulgar, profane and/or obscene language is not appropriate in school. Use of this language will result in a student being assigned to detention or up to 3 days suspension depending on the offense and severity of the incident.

STUDENT SERVICES AND MISCELLANEOUS INFORMATION

ACCESS TO STUDENT RECORDS

The State Board of Education has adopted regulations pertaining to student records. The development of these regulations, which have the force of law, was mandated by state laws enacted in 1972 and 1974. The regulations apply to all public elementary and secondary schools. (It also applies to all private schools which have state approval to provide Special Education services under Chapter 766 of the Special Education Act.) They are designed to insure parents' and students' rights of confidentiality, inspection, amendment and destruction of student records and to assist school authorities in their responsibilities for the maintenance of student records.

The regulations apply to all information kept by the School Committee on a student in a manner such that the student may be individually identified. The regulations divide the record into two sections: the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits and grade level completed. The transcript is kept by the school system for at least sixty years after the student leaves the system.

The temporary record contains the majority of the information maintained by the school about the student. This may include such things as standardized test results, class rank, school sponsored extracurricular activities, disciplinary referrals, suspensions, evaluations and comments by teachers, counselors and other persons, as well as other similar information. The temporary record is destroyed within five years after the student leaves the school system.

The following is a summary of the major parent and student rights regarding their student records, as provided by the regulations pertaining to student records:

INSPECTION OF RECORD

A parent or a student who has entered the ninth grade or is at least 14 years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student no later than two days after the request unless the parent or student consents to a delay.

The parent and student have the right to receive copies of any part of the record, although, a reasonable fee may be charged for the cost of duplicating the materials.

The parent and student may request to have parts of the record interpreted by a qualified professional of the school or may invite anyone else of their choosing to inspect or interpret the record with them.

CONFIDENTIALITY OF RECORD

With a few exceptions, no individuals or organizations but the parent, student and school personnel working directly with the student are allowed to have access to information in the student record without the specific, informed, written consent of the parent or the student.

AMENDMENT OF RECORD

The parent and student have the right to add relevant comments, information or other written materials to the student record. In addition, the parent and student have the right to request that information in the record be amended or deleted. The parent and student have a right to a conference with the Principal to make their objections known. Within a week after the conference, the Principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

DESTRUCTION OF RECORDS

The regulations require that some parts of the student record, such as the temporary record, be destroyed after a certain period of time when the student leaves the school system. School authorities are also allowed to destroy misleading, outdated or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified and have an opportunity to receive a copy of any of the information before it is destroyed.

A student's records consist of the student transcript, which is kept indefinitely, and the temporary record, which is destroyed five years after the student leaves the school system. The rights of students concerning their records are defined by State regulations. The persons who may exercise rights under the regulations are as follows:

- A. If a student is under the age of 14 years or has not entered the ninth grade, the student's parent or guardian must exercise these rights.
- B. If a student is between the ages of 14 and 17 years or has entered the ninth grade, the student and/or the student's parent or guardian may exercise these rights.

C. If a student is 18 years of age or older, the student alone may exercise these rights.

COURSE REQUIREMENTS FOR GRADUATION

See High School Graduation Requirements in Appendix.

COURSE LOAD REQUIREMENTS: Students must take 35 credits each year to assure promotion from one grade to the next.

PROMOTION REQUIREMENTS: In individual cases some students are permitted to complete courses and meet graduation requirements from high school in three and one half years. Permission to complete an accelerated program may be granted according to the following criteria:

1. Demonstrated ability to consistently do above average work
2. Is mature and responsible and has an excellent attendance record.

Those students wishing to complete courses and meet graduation requirements in three and one half years must submit their request before course registration time in the spring of their Junior year. The final semester must include an internship and/or college courses.

If the parent agrees to the early graduation option, a formal application shall be submitted to the guidance counselor before submission to the principal. The Principal will notify the applicant in writing of the final decision.

Students must meet all of the above criteria as well as Course Requirements for Graduation in order to qualify. Permission to plan for an early graduation rests with the teachers, counselors, parents and the Principal. Early graduation is not guaranteed simply by successfully passing the required number of courses. Each case is considered on an individual basis.

Students 18 years of age or older are not required to have parent involvement; however, it is strongly recommended that they do.

FEES FOR CURRICULAR AND CO-CURRICULAR ACTIVITIES

A few courses may require a financial obligation on the part of the student to cover the cost for special material or equipment. The cost may vary according to the number and types of projects the student participates in:

Physical Education: Students must provide their own athletic shoes and appropriate clothing.

FIRE DRILLS, BOMBS, AND FALSE ALARMS - 911

When the fire alarm sounds in the school building, students are to pass quickly and quietly from the classrooms. Route instructions are posted in each room. Reference false alarms on page 15:

GRADING SYSTEM AND EXAMINATION

REPORT CARDS: Report cards are issued four times a year: November, February, April and June. All borrowed school materials must be returned to the teacher/coach before report cards are issued. Letter grades corresponding to a numerical equivalent are recorded. No credit is given for a grade below 65. See the section on Grades.

WEB-BASED GRADING: Parents and students are encouraged to utilize the on-line, web based grading program. The teacher gradebook is available 24 hours per day with an expectation that teachers have one week to post grades. Projects or reports that take longer than 1 week will be identified by teachers.

MID-YEAR EXAMS AND FINAL EXAMS: They should cover the first and second semester's work respectively and count for 1/5 of the semester grade. If a semester exam is not given, then the semester grade is the average of the two quarters' grades. Final grades for a full year course will be arrived at simply by averaging both semester grades.

GRADE, GRADE POINT AVERAGE

1. **GRADE POINT AVERAGE (G.P.A) AND COURSE TABLE.** This assignment of weighted value conforms to the recommendation of the Massachusetts Board of Regents of Higher Education Class Rank Task Force. High schools will be expected to report students' G.P.A. to the State Colleges using this system. The passing grade is D:

	<u>GRADE</u>	<u>WEIGHT</u>		
	<u>A.P.</u>	<u>Honors</u>	<u>College Prep 2</u>	<u>College Prep 1</u>
A+	5.00	4.50	4.00	3.50
A	4.70	4.20	3.70	3.20
A-	4.50	4.00	3.50	3.00
B+	4.30	3.80	3.30	2.80
B	4.00	3.50	3.00	2.50
B-	3.70	3.20	2.70	2.20
C+	3.40	2.90	2.40	1.90
C	3.00	2.50	2.00	1.50
C-	2.70	2.20	1.70	1.20
D+	2.40	1.90	1.40	.90
D	2.00	1.50	1.00	.50

2. By offering courses at four difficulty levels, all students can succeed in courses at their own level and earn a place on the Honor Roll. By weighing the G.P.A., we provide incentive to the students to take courses at a more difficult level. This system provides the "best of both worlds" in promoting academic achievement and appropriate recognition and rewards for hard working students of various abilities.

SUMMER SCHOOL CREDITS:

The Guidance Department must give prior approval for a student to attend summer school.

COMMUNITY SERVICE

Community service is a requirement for graduation at Ipswich High School. All students will complete an approved Community Service Project during their **junior year**. Introduced during the last quarter of a student's sophomore year, these projects will be a minimum of 25 hours in duration. **ALL** projects must be approved in advance by the sophomore or junior teacher in writing. Projects will be administered by the student's Modern World History teacher. Projects will be graded on a Pass/Fail basis.

HEALTH SERVICE

The school nurse or health aide is in the building every day from 7:45 to 2:45. In accordance with the Ipswich School Committee Policies, the nurse is not allowed to treat a student, but is able to administer First Aid. When a student is ill, parents will be contacted to arrange for the student to be sent home.

HOMEWORK

A student should expect to have an average of 2 or 3 hours of homework per school day. We encourage parents to take an active role in their student's education and to stress the importance of homework in a successful high school program by:

1. Promoting a positive attitude toward homework
2. Providing a consistent time and a suitable place for study
3. Making resource materials available whenever possible
4. Assisting with drills
5. Communicating to the teacher special circumstances which may effect the student's ability to complete assignments

INSURANCE - ACCIDENT

Accident insurance is available to all students for a nominal fee. Students should consider this insurance as it covers athletics (not including football). Insurance policies will be offered at the beginning of the school year or upon entering Ipswich High School.

LOST AND FOUND

Lost and found articles should be turned in or claimed at the office.

MEDIA CENTER

The Ipswich High School Media Center is a multimedia library containing a wide variety of information, equipment and computers.

The Media Center is open from 7:45 a.m. to 3:15 p.m. To use the Media Center during Directed Study, students must sign up one day in advance. Students may not sign up for other students. Students must remain in the Media Center for the entire class time.

Students are expected to respect the rights of others to read and study in a quiet environment. Students who are disruptive will be referred to the Assistant Principal and the loss of the privilege to use the Media Center may result.

THE BRIDGE PROGRAM

The BRIDGE program at Ipswich High School is a six-week program at the end of the senior year. Participants spend 30 hours per week at their worksite, gaining valuable career insight and experience. To qualify, students must have a minimum of a C- in each subject during the senior year, must have a record free of disciplinary action, and must meet all requirements for graduation. Completion of required courses entails a special project or paper. For elective courses, partial course credit is awarded. Students do not attend classes during the internship period, with the exception of Advanced Placement (AP) courses. Five elective credits are awarded upon successful completion of the internship.

PERFORMING ARTS RULES

1. School Rule: If a student is absent, dismissed, under suspension or more than a half day tardy (8:30am) from school on the day of an event or on a Friday preceding a Saturday event, they may not be allowed to participate or attend unless the absence has been excused by the Principal or the Assistant Principal.
2. Perfect attendance at rehearsals and performances with emphasis on being punctual is expected. No unexcused absence from a dress rehearsal or a performance will be tolerated. The third unexcused absence from a rehearsal or the first unexcused absence from a performance or a dress rehearsal may, at the discretion of the Director, result in a student being dropped from the group immediately, being denied participation the following semester or for the next production. An absence from a dress rehearsal may also result in the student not being allowed to perform in the subsequent performance. An absence should be cleared by the Director two weeks before a performance and one week before a rehearsal except in the case of last minute emergencies or illnesses. A student who receives academic credit for participation may receive a "0" for each unexcused absence and referred to the office regardless if the class meets beyond the school hours.
3. A student may be removed from any performing arts group immediately or be denied participation the following semester or performance cycle for behavior that is disruptive to the group process of learning and performing.

4. Students taking part in an extracurricular fine arts performance activity which is not required as part of their approved course work will be ineligible to participate if they have failed two or more classes the previous quarter or are currently failing two or more classes. Since the nature of performing group work means that the authentic assessment of the activity falls at the very end of the rehearsal period, the following condition shall apply:

Any student who becomes academically ineligible during the final three weeks of a rehearsal period will not be forbidden the opportunity to perform at the end of the cycle. Instead, the student will not be allowed to audition for the next scheduled performance cycle. Upon satisfying the eligibility requirement, the student may petition to join the cycle in process as a member of a technical or running crew, subject to the same eligibility requirements.

5. Any student who makes a commitment to a performing group and drops out without just cause may be, at the discretion of the Director, withdrawn failing (if it is a curricular group) and may be denied participation the following semester.

6. Students assume responsibility for all materials and equipment issued and are expected to make restitution for lost or damaged property.

7. A student who drinks alcoholic beverages or uses drugs while in a performing group will be banned from participation in the current performance cycle and referred to the school administration. The student will be banned from participation in all performance groups the following semester for a second offense. Selling or intent to sell alcoholic beverages or drugs may result in a year's suspension from performing groups.

8. A student caught smoking will be referred to the school administration and be put on warning by the Director; for subsequent offense the student will be banned from participation in the following Company performance cycle and the following semester for curricular performing groups.

9. Any student drinking alcoholic beverages or using drugs on a school sponsored music or drama trip may be sent home at their expense and will be referred to the school administration for disciplinary action.

10. **MUSICAL INSTRUMENT STORAGE:** Because there is an extreme shortage of secured storage space for instruments at Ipswich High School, each student is responsible for insuring their own instruments if they wish. The Ipswich Public Schools will not accept financial responsibility for student owned instruments reported lost or stolen.

PROJECT ADVENTURE

Project Adventure activities can be elected as a part of the Physical Education program for grade 10 and are held outdoors throughout the school year. An indoor rope course is utilized if adverse weather conditions occurred.

All outdoor Project Adventure winter activities require appropriate clothing. All students **must** have safe warm winter shoes or boots (Kickers, L.L. Bean, Survivors, etc.). Heeled shoes or boots will not be allowed at any time of the year. It is also required that students wear gloves, hat and a warm jacket

or coat. Due to the nature of Project Adventure activities, students' clothing may get dirty or muddy, therefore a change of clothing is essential.

Failure to wear safe, warm clothing will result in a zero for the class period and the student will be required to meet with the teacher at the end of the day. If there is a third offense, the student will be reported to the office for detention. All zero or missed classes must be made up.

Students who do not want to participate in Project Adventure activities may see their guidance counselor and be assigned to another physical education class that does not have a Project Adventure component.

SPECIAL EDUCATION SERVICES and SECTION 504

The federal special education law is known as “IDEA” (Individuals With Disabilities Act). The State of Massachusetts provides Special Education program opportunities under regulations included in 603CMR 28.0. Massachusetts law conforms to federal regulations as enumerated in the appendix section of this handbook.

Section 504 of the Rehabilitation Act of 1973 is a non-discrimination statute barring discrimination on the basis of one's disability. (See Appendix F).

STUDENT EMPLOYMENT REGULATIONS

All states have labor laws relative to hours of work, health and safety of minors who wish to work. Before reporting to a formal job, students under the age of 17 **MUST** apply for a work permit at the Superintendent's Office. Students and employers who do not have a work permit on file risk infraction of the Fair Labor Standards Act.

Dear Parent/Guardian:

An important piece of legislation affecting the public schools was passed in August, 1971. This law, Chapter 622 of the General Laws, Acts of 1971, is referred to as "The Equal Educational Opportunity Law." The law reads as follows:

No person shall be excluded from or discriminated against in admission to a public school of any town, or in obtaining the advantages, privileges and courses of study of such public school on account of race, color, sex, religion or national origin.

This law makes it clear that all aspects of public school education must be fully open and available to members of both sexes and of minority groups. No school may exclude a child from any course, activity, service or resource available in that public school on account of race, color, sex, religion, national origin, or sexual orientation of such child.

The Ipswich Public Schools reaffirms its policy against discrimination related to race, color, sex, religion, national origin, or sexual orientation in the admissions, instructions, counseling or dismissal of students regarding any course or programs offered by the public schools and indicates its desire that each student be provided educational opportunities consistent with his/her aspirations and abilities as set forth in state and federal laws.

If you have any questions or concerns regarding Chapter 622 and how it affects your children, please do not hesitate to contact Beverly Hegedus, Coordinator of Title IX and Chapter 622, located in the Superintendent's Office, 1 Lord Square, Ipswich, (978) 356-2935. Copies of the law and the regulations can be obtained from the Department of Elementary and Secondary Education, 75 Pleasant Street, Malden, MA 02148 (781) 338-3000, and are also available on the Internet at <http://www.doe.mass.edu>.

TITLE IX AND CHAPTER 622 GRIEVANCE PROCEDURE - STUDENTS AND PARENTS

The Ipswich Public Schools reaffirms its policy against discrimination related to race, color, sex, religion, national origin, or sexual orientation in the admissions, instructions, counseling or dismissal of students regarding any course or programs offered by the public schools and indicates its desire that each student be provided educational opportunities consistent with his/her aspirations and abilities as set forth in state and federal laws.

When a student feels there has been discrimination, he/she may file a grievance in accord with the following procedure or directly file the complaint with the Office of Civil Rights.

LEVEL I - PRINCIPAL

A student or parent shall present a written statement of charges to the principal of the school the student attends. A hearing will be held with the principal. All parties involved in the allegation of discrimination shall attend. The principal of the school shall communicate his/her decision to the aggrieved following the hearing. A copy of the decision shall be forwarded to Mary Gallant, who is serving as Title IX Coordinator.

LEVEL II - CENTRAL OFFICE

If the matter is not resolved within seven days, the decision of the principal may be appealed to the Title IX Coordinator. A conference with the Title IX Coordinator and/or Superintendent of Schools shall be scheduled following receipt of the appeal. All parties involved in the Level I hearing shall attend. The decision of the Title IX Coordinator and/or Superintendent will be sent to the aggrieved student and the principal.

LEVEL III

If at the end of 14 days the matter remains unresolved, the aggrieved may submit an appeal in writing to the Chairperson of the School Committee. The School Committee shall meet with all concerned. The School Committee's decision will be sent to all parties within seven days following this meeting.

PARENTAL RIGHTS UNDER SECTION 504

Section 504 of the Rehabilitation Act of 1973 is a nondiscrimination statute barring discrimination on the basis of one's disability. It is the intent of the Ipswich Public Schools to ensure that students who are handicapped within the definition of Section 504 of this Act are identified, evaluated and provided with appropriate educational accommodations necessary to provide access to educational programs. Students may be handicapped under this policy even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act (IDEA).

In order to implement this policy and to coordinate all Section 504 activities in regard to nondiscrimination, the following have been appointed Compliance Officers for Nondiscrimination Against the Handicapped:

IPSWICH HIGH SCHOOL

Jeffrey R. Carovillano, Assistant Principal
Justine May, Guidance Counselor
Jennifer Starrett, Guidance Counselor
Melissa Karpinsky, Guidance Counselor

IPSWICH MIDDLE SCHOOL

STUDENTS WITH DISABILITIES

Under the Individuals with Disabilities Education Act (IDEA-04) and Massachusetts Special Education Law, the Special Education and IEP process is a focal point for reaching improved outcomes for students with disabilities. The process, critically important to children with disabilities, must be carefully managed to ensure that the unique needs of the student are addressed and to ensure full compliance with statutory and regulatory requirements.

The TEAM has *three* important and integrated activities to manage. Each is of equal importance and interdependent on the quality of the other.

1. Eligibility Determination: The TEAM must first determine whether a child is eligible for special education services. This determination starts with the careful and thorough evaluation of the child in all areas of suspected disabilities.
2. Development of the IEP: Next, if the TEAM has found the student eligible for special education, the elements of an Individualized Education Program (IEP) must be discussed, planned and then captured in a written document. Input from parents, the student, general educators and special educators is necessary to complete this service contract that sets high expectations for a student and then guides that student's special education services for the next year.
3. Placement Decision: Once all the elements of the IEP are determined, including services and supports, a placement decision must be made. The first placement option considered for each student with a disability must be the general education classroom with the provision of needed aides and services. The law requires that students do not get placed outside of the general education classroom unless their disability requires another setting. The TEAM must always consider the unique needs of the student before making the final placement determination.

Discipline

In general, if your child has violated the school's disciplinary code, the school may suspend or remove your child from his or her current educational placement for a period not to exceed ten (10) consecutive school days in any school year. If your child possesses, uses, sells or solicits illegal drugs on school grounds or at a school-sponsored event or carries a weapon to school or a school function, the school district may place your child in an interim alternative educational setting for up to 45 school days. If your child has been placed in an interim alternative education setting as a result of a disciplinary action, your child may remain in the interim setting for a period not to exceed 45 days. Thereafter, your child will return to the previously agreed-upon educational placement unless either a hearing officer orders another placement or you and the school agree to another placement.

Anytime the school wishes to remove your child from his or her current educational placement for more than ten (10) consecutive school days in any school year, or for more than ten cumulative days when a pattern of removal is occurring, this constitutes a change of placement. A change of placement invokes certain procedural protections under the IDEA, the federal special education law. These include the following:

(a) Prior to any removal that constitutes a change in placement, the school district must convene a Team meeting to develop a plan for conducting a functional behavioral assessment that will be used as the basis for developing specific strategies to address the problematic behavior. If a behavior intervention plan has been previously developed, the Team shall review its implementation and modify it if necessary.

(b) Prior to any removal that constitutes a change in placement, the school district must send you a full statement of your procedural rights and inform you that the Team will consider whether or not the behavior that forms the basis for the removal is related to the student's disability. This consideration is called a manifestation determination. Remember that you, as the parent, always have the right to participate as a member of the Team.

Consideration of whether the behavior is a manifestation of the student's disability:

The law provides that the Team must consider evaluation information, observational information, the student's IEP and placement, and must determine whether the behavior prompting disciplinary removal was a manifestation of the student's disability. The Team considers if the student understood the impact and consequences of the behavior, and further considers if the student's disability impaired the student's ability to control his or her behavior.

If the Team determines that the behavior was related to your child's disability, then your child may not be removed from the current educational placement (except in the case of weapon or drug possession or use or serious bodily injury) until the IEP Team develops a new IEP and decides upon a new placement and you consent to that new IEP and placement.

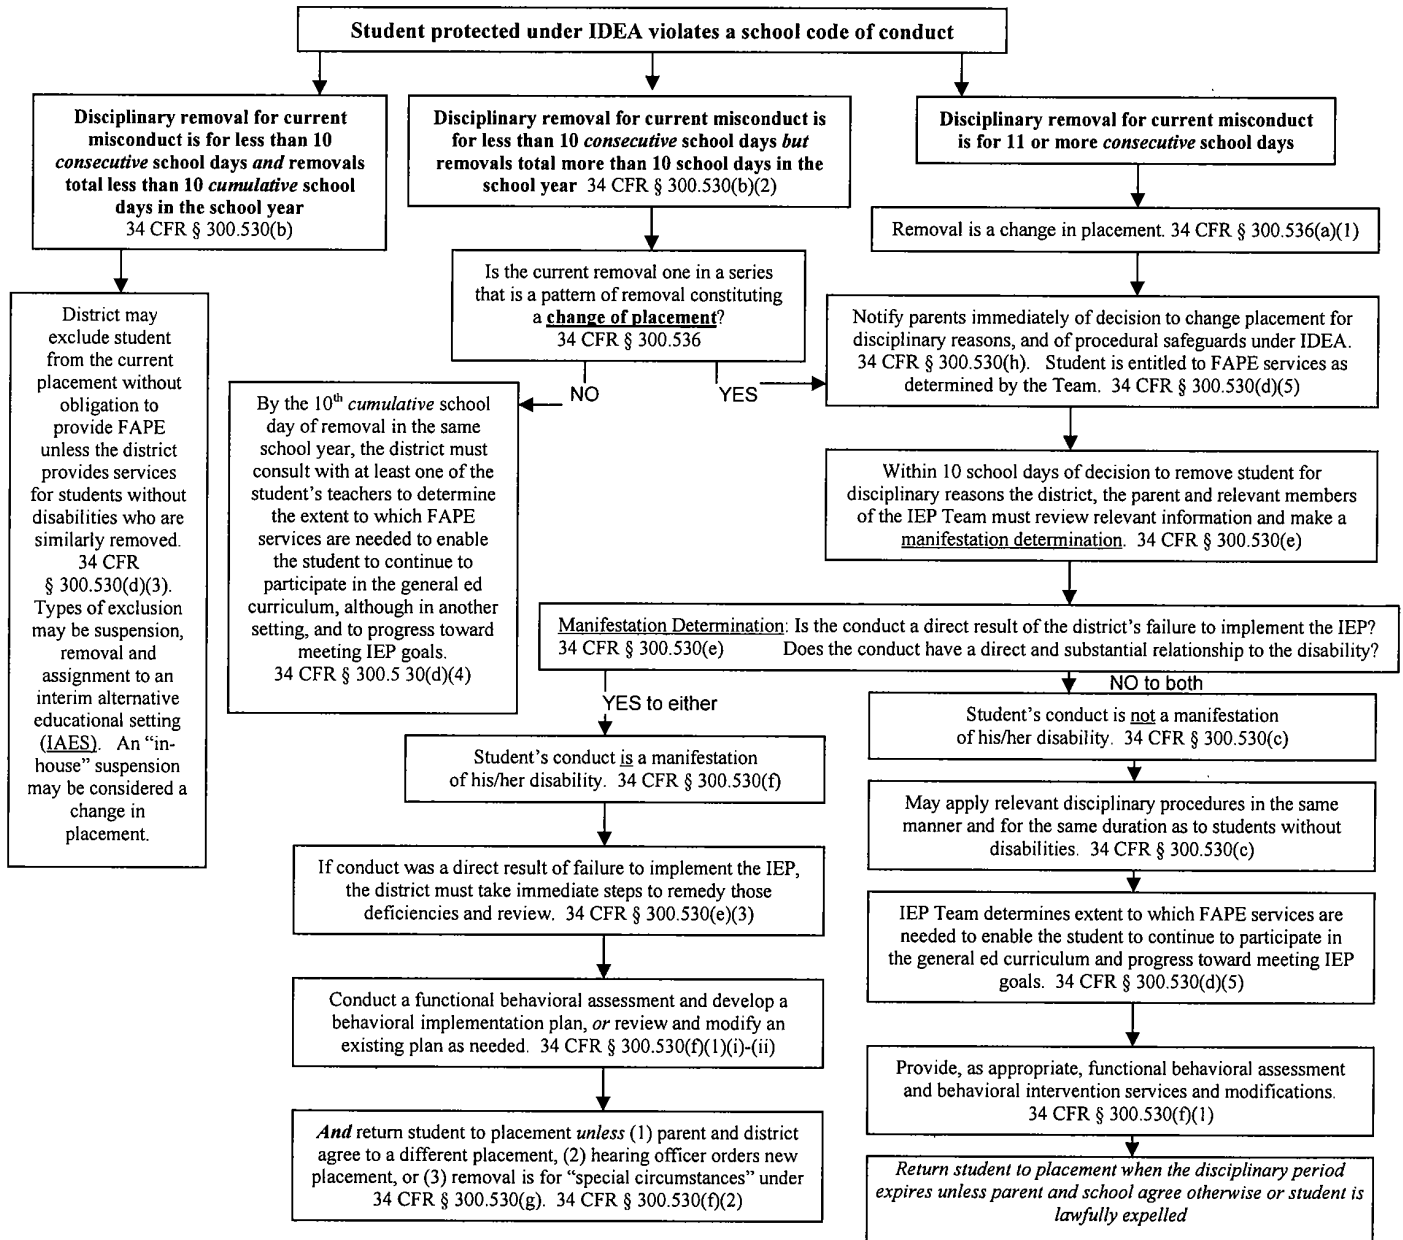

If the Team determines that the behavior was not related to your child's disability, then the school may suspend or otherwise discipline your child according to the school's code of student conduct, except that for any period of removal exceeding ten days, the school district must provide your child with a Free Appropriate Public Education (FAPE). The school district must determine the educational services necessary for FAPE and the manner and location for providing those services.

In the case of a disagreement with the Team's determination:

If you disagree with the Team's decision on the manifestation determination or with the decision relating to placement of your child in an interim alternative education setting or any other disciplinary action, you have the right to request an expedited due process hearing from the Bureau of Special Education Appeals.

Discipline of Special Education Students Under IDEA 2004 20 U.S.C. § 1415(k) and 34 CFR §§ 300.530-300.536

- This chart should be read in conjunction with discipline procedures in state law, M.G.L. c. 71, §§ 37H & 37H1/2, and district-wide and school-wide student codes of conduct.
- Protections in the IDEA apply to students who have been found eligible for special education and to students for whom the school is deemed to have knowledge that the child might have a disability (i.e., students who have not yet been found eligible but the school had a basis of knowledge of a disability, including students who have been referred for initial evaluation). 34 CFR § 300.354
- Beginning on the 11th school day of a student's disciplinary removal during the school year, and if removal is a change in placement, the student must be provided free appropriate public education (FAPE) services during the period of removal to allow him/her to continue to participate in the general education curriculum and progress towards IEP goals, even if in a different setting. 34 CFR § 300.530(b) & (d).
- If the conduct that the student is being disciplined for involves the "special circumstances" of weapons, illegal drugs, controlled substances, or serious bodily injury, school personnel may remove the student to an interim alternative educational setting (IAES) for up to 45 school days, regardless of the manifestation determination. 34 CFR § 300.530(g). The IEP Team must determine the IAES.
- Although the following flowchart lays out the steps that a school district must take when disciplining a student with a disability, it is important to remember that at any point the parent and school district can agree to change a student's placement for disciplinary reasons. Agreements should be in writing, and signed by the school personnel and the parent.

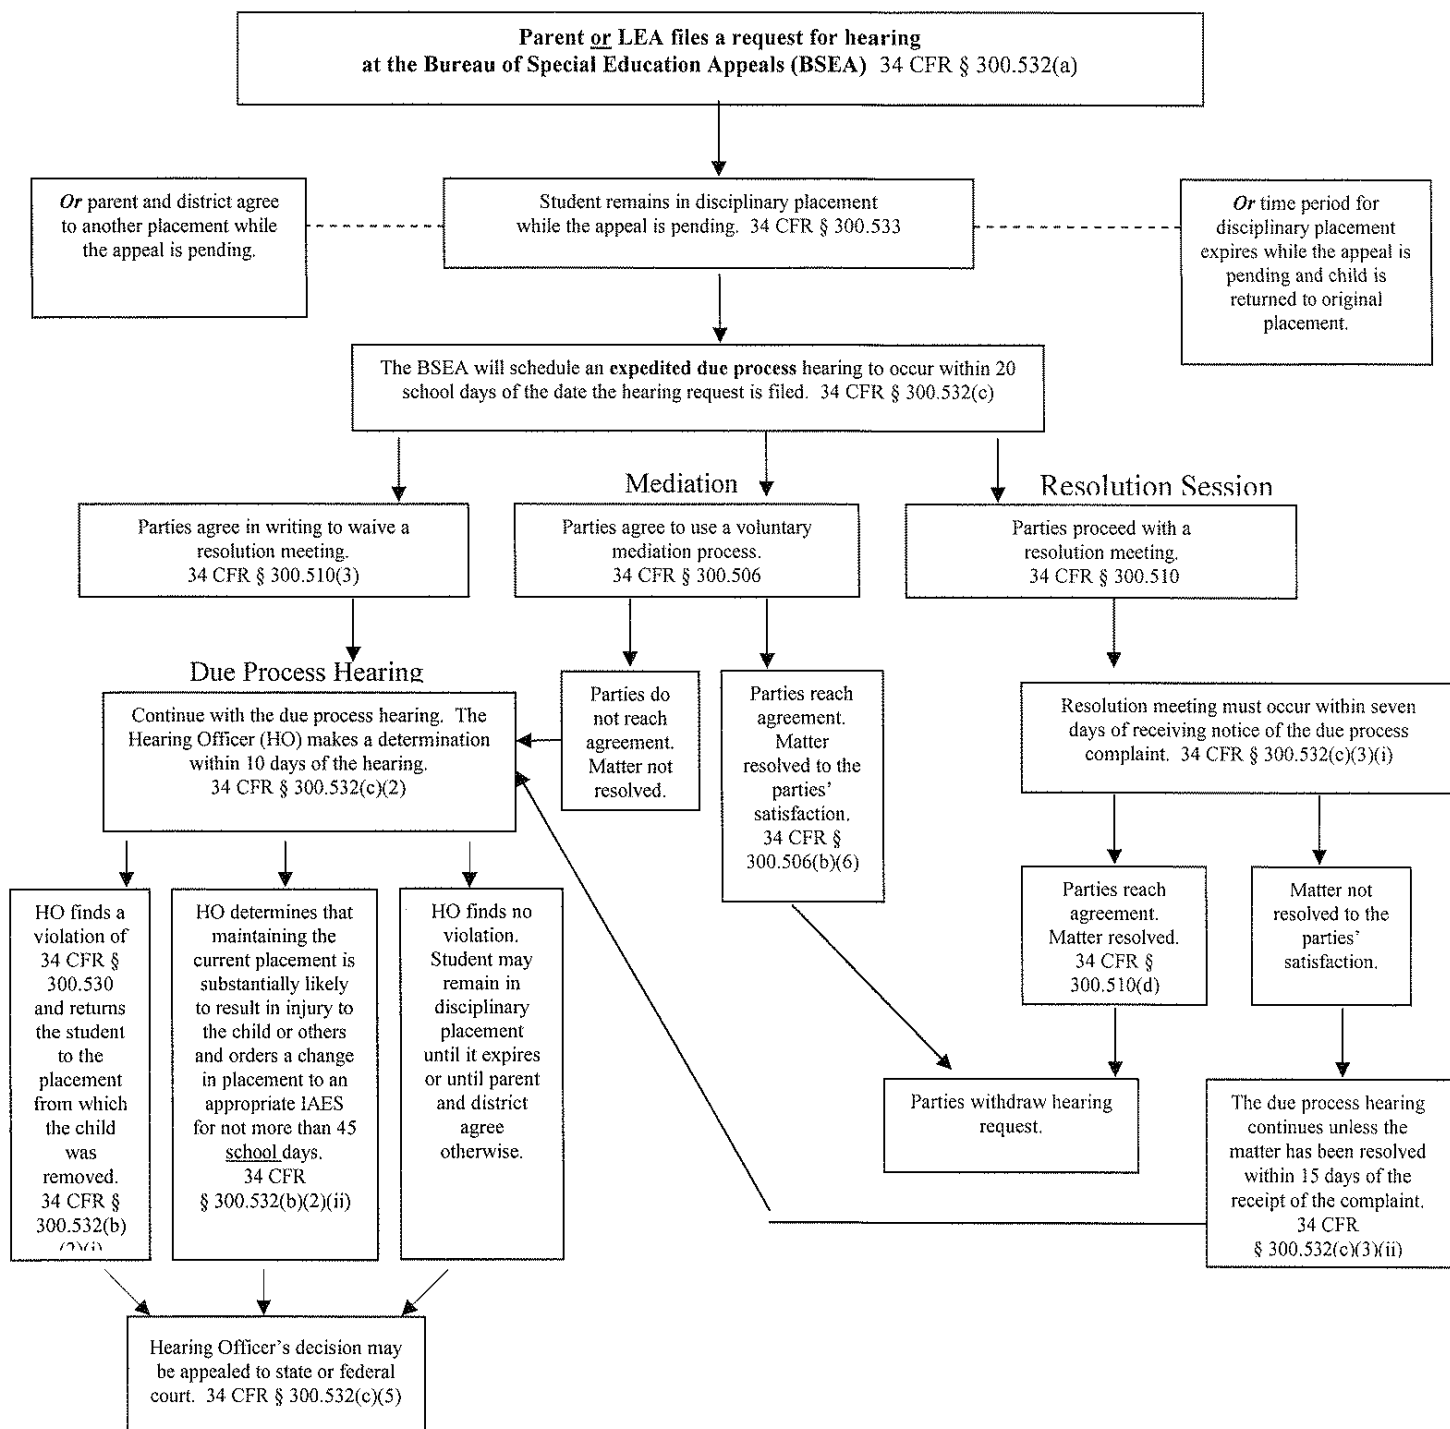

Appeals Process for Disciplinary Placement Decisions for Students with Disabilities

Under IDEA 2004: 20 U.S.C. § 1415(k) and 34 CFR §§ 300.532-300.533

Who may file an appeal of a disciplinary decision?

- A parent of a child with a disability who disagrees with any decision regarding the child's disciplinary placement, or the manifestation determination, may appeal the decision by requesting a hearing at the Bureau of Special Education Appeals (BSEA). Reasons for appeal may include but are not limited to disagreement with the student's removal to an interim alternative educational setting (IAES), disagreement regarding the manifestation determination, disagreement regarding the determination of whether the removal is a change of placement, disagreement regarding the educational services the student receives during the period of removal, and disagreement regarding the functional behavioral assessment and/or implementation of a behavioral intervention plan. 34 CFR §§ 300.530-300.531.
- An LEA that believes that maintaining the student's current placement is substantially likely to result in injury to the child or others may file a request for hearing at the BSEA.

DEFINITIONS

A student for whom the district is deemed to have knowledge of a disability – A child who has not yet been determined to be eligible for special education and related services may assert the disciplinary protections under IDEA if the school had a basis of knowledge that the child is a child with a disability before the behavior that precipitated the disciplinary action occurred. The school is deemed to have knowledge if: (1) the child's parent expressed concern in writing to administrative or supervisory personnel of the school or district that the child is in need of special education and related services; (2) the parent of the child had requested a special education evaluation; or (3) the child's teacher or other school or district personnel expressed specific concerns to the director of special education or to other supervisory personnel about a pattern of behavior demonstrated by the child. The school or district is *not* deemed to have knowledge of a disability if (1) the parent has not allowed an evaluation or has refused special education and related services, *or* (2) the child has been evaluated and determined not to be a child with a disability. 34 CFR § 300.534.

Change of placement – A change of placement because of a disciplinary removal occurs if a child with a disability is removed from his/her current educational placement for more than 10 consecutive school days, or the child is subjected to a series of removals that constitutes a pattern because: (1) the removals total more than 10 school days in a school year; (2) the child's behavior is substantially similar to previous incidents that resulted in the series of removals; and (3) additional factors such as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another constitute a pattern. 34 CFR § 300.536.

Current placement – The placement from which the student was removed for disciplinary reasons.

Interim alternative educational setting (IAES) – An IAES is a disciplinary placement that is not the same as the child's current placement as defined in his/her IEP.

Manifestation determination – The determination made by the district, the parent, and relevant members of the student's Team, after review of all relevant information in the student's file including the IEP, teacher observations, and relevant information provided by the parents, whether (1) the conduct in question was caused by or had a direct and substantial relationship to the child's disability; *or* (2) the conduct in question was the direct result of the district's failure to implement the student's IEP. 34 CFR § 300.530(e).

Special circumstances – Where the disciplinary conduct is a "special circumstance," school personnel may remove a student to an IAES for not more than 45 school days, regardless of the results of the manifestation determination. Special circumstances exist if the student:

- carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of a State or local educational agency (district); or
- knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency; or
- inflicts serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a State or local educational agency. 34 CFR § 300.530(g).

Serious bodily injury – As defined in 18 U.S.C. § 930, a bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty. 34 CFR § 300.530(i)(3).

TECHNOLOGY ACCEPTABLE USE AGREEMENT

Computers and the Internet are available to students and staff to enhance the curriculum and promote educational excellence. Use of all computers owned by the Ipswich Public Schools and the Internet is a privilege, not a right, and access will be provided to those who agree to act in a considerate and responsible manner. Information sent or received by e-mail, the Internet or other means over the computers available to students and staff is the property of the Ipswich Public Schools and may be accessed at any time by the Ipswich Public Schools for its review. In the event that a review reveals that this policy has been violated in any way, or that the privilege of using the computer and the Internet is being abused in any way, appropriate action will be taken against the individual or individuals involved. Violations will be referred to a school administrator for disciplinary or legal action. Building administrators, or in certain circumstances the Superintendent of Schools, will determine the consequence for inappropriate use that includes, but is not limited to, loss of computer/Internet use. Some consequences may be based on policies established in the Student Handbook. Federal and state law may cover other violations.

USE OF PERSONAL ELECTRONIC TECHNOLOGY DEVICES

As technology continues to evolve, more and more devices become available to students for use both in their personal lives as well as during school. Devices such as iPads, Kindles, iPod varieties, Nooks, etc., are just a few examples of the emerging technology available to students. In order for these devices to be used in school we require that students and parents both have an understanding of their proper use within the school and comply with the outlined policy. Students who wish to use their personal devices must strictly adhere to this policy. Failure to comply will result in the student losing permission to use the device for the year. Any additional consequences will depend on the seriousness/inappropriateness of the offense.

- Students may only use their devices if given permission by the teacher in the class they are attending.
- Students are responsible for their devices at all times! Devices should only be used for classroom learning and, when not in use, students must keep their devices in their lockers or personal possession. Please be sure that devices are kept in a protective sleeve or backpack.
- Devices should be charged in the evening and will not be charged during the class period.
- Students are expected to take their devices home every day after school. If students have something to do after school, they should leave their devices in their lockers (not in a classroom or locker room).
- No one but the student who owns the device is permitted to use and/or care for it.
- Computer games or gaming apps, including music, are strictly prohibited at any time during the school day. Devices may be used for classroom learning ONLY unless otherwise authorized by the classroom teacher.
- Students must fully adhere to the Acceptable Use Policy as outlined in their Student Handbook. Therefore, all wallpaper, graphics, and other images displayed on a student's personal device must be school appropriate.
- Ipswich Public Schools is not responsible for the care and maintenance of a student's personal device. Any damage to the device, or loss of the device itself, is not the responsibility of the Ipswich Public Schools.
- EBooks and other appropriate literature for independent reading must be downloaded to the device at home.
- During the school day apps should not be used for phone calls, texting, e-mail or any other form of communication.

Ipswich Public Schools (Student Email Access Grades 6-12)

Student access to email provided by the Ipswich Public Schools is a privilege and as such, should not be abused. Policies governing its use must be respected and adhered to without exception. Any student found to have violated this policy will be subject to disciplinary action, loss of network privileges, and legal action if warranted.

- **Students 6-8 cannot** email anyone outside of the Ipswich Public Schools domain, or any of the district mailing lists. This also means student email cannot be forwarded to non-school personal accounts. Students cannot send messages to people who are not staff or students in our district.
Example: student1@ipsk12.net cannot receive email from or send email to an email address as anyone@yahoo.com
- **Students 6-8 cannot** receive email from outside of the Ipswich Public Schools domain. This means that anyone with a non-Ipswich Public Schools email address cannot send email to a student.
- **Students 9-12 can** send and receive email from outside Ipswich Public Schools domain. We recognize high school students interact with outside entities that include colleges and professional organizations.
- Email is filtered for spam, unsolicited messages, or anything inappropriate.
- All student email messages, sent or received, are archived. Only authorized individuals may, at any time, view a student's email account.

USES FOR IPSWICH PUBLIC SCHOOLS STUDENT EMAIL

The student Acceptable Use Policy covers email as well as other technologies. What follows is a specific summary of guidelines related to email:

- Email is to be used for school-related communication only and students are encouraged to check their email regularly.
- Students have access to their school email accounts by logging into Gmail using their school issued login. *All accounts end with @ipsk12.net.*
- Teachers may send email to their students to communicate reminders, course content, pose questions related to class work, and other class-related items.
- Students may send email to their teachers with questions or comments regarding class or to turn in an assignment.
However, there will be no requirement or expectation for staff to answer student email outside of their regular workday, although they certainly may if they choose. For example, an unanswered email to a teacher would not excuse a student from turning in an assignment.
- Students may send email to other students to collaborate on group projects and assist with school assignments when using Google tools.
- Students may not:
 - send harassing, offensive email messages or content.
 - send spam or messages containing a virus or other malicious content.
 - send or read email at inappropriate times, such as during class instruction.
 - send email to share test answers or promote cheating in any way.
 - use the account of another person or share their account with another person.
- Students should notify their teacher immediately if they believe their email account has been compromised. A new password will be assigned and the account history will be reviewed.
