

## **English Language Learners in the Ipswich Public Schools**

### *Identification of English Language Learners*

Upon enrollment in each school in Ipswich, parents of new students complete a home language survey, available in 11 languages, which is included in the enrollment packet. All students (except those in kindergarten), who are from homes in which a language other than English is spoken, are assessed in reading, writing, speaking and listening by the English as a Second Language teacher. Students who are not completely fluent in English are enrolled in the program. For further information, parents can contact the building principal at the school their child is attending.
