To the Ipswich Community:

It is my pleasure to present to you the Superintendent's proposed operating budget for the 2025-2026 school year. The budgeting process for FY26 has been very challenging. With increasing fixed costs and continued student needs after more than two years from the pandemic, presenting a budget that conformed to our usual guidelines became impossible. As a district we are facing significant increases in our health insurance premiums, pension liability and out of district tuition rates, and retirement costs, which are set by the state. The ESSER funds that supported the school budget over the last few years have been depleted as these federal grants expired last year. It was well known that with the expiration of these funds we would need to re-evaluate programs and service delivery.

We are pleased to share the news that through solid collaboration with our employee unions, both our MTA educators and our AFSCME support personnel, all collective bargaining agreements were settled and incorporated into the FY26 budget. Our educators and support staff are key to a quality teaching and learning environment and these labor agreements reflect the best interest of staff and students.

In preparing the budget for FY26, the Leadership Team and I once again spent time reviewing class sizes, current and future program needs, the state of our school buildings, and the financial outlook for the Ipswich School District. We looked at budget drivers, the stabilization funds, and our revenue streams. We also took into consideration the ongoing concerns regarding the current state of our facilities and the continued needs of students as it relates to mental health and additional academic and social support services.

This year, the Budget Subcommittee of the School Committee once again met with the Leadership Team to discuss and understand the needs of educators, students and facilities and how they relate to the Strategy for District Improvement and our overall vision for the District. What you have before you represents our best effort to deliver a realistic budget that truly meets the current and future anticipated needs of our students.

In the following pages, you will see a continuation of current programs across the district. We continue to be concerned about what some would call "the post-Covid new normal" and the impact of increased social/emotional needs and academic loss. This budget continues to address those concerns. We have utilized a number of alternative funding sources (stabilization and revolving funds) to support the needs identified by administrators and reduce the bottom-line funding request of this budget.

I would like to thank the School Administration and Central Office staff for their efforts in developing this budget and producing the document before you. I look forward to our discussions in the coming weeks about the proposed budget and how it will continue to maintain the level of excellence that has come to be expected in the community.

Respectfully submitted,

Dr. Brian J. Blake

PURPOSE OF MAJOR GRANT FUNDS FY26:

Title I (305) - Federal

According to the U.S. Department of Education, the purpose of Title I funding, "is to ensure that all children have a fair, equal, and significant opportunity to obtain a high quality education and reach, at minimum, proficiency on challenging state academic achievement standards and state academic assessments."

Title IIA (140) - Federal

The purpose of Title II, Part A is to increase the academic achievement of all students by helping schools and districts improve teacher and principal quality. In addition, Title IIA funds may be used to improve the skills and knowledge of principals for effective school leadership.

I.D.E.A. (240) - Federal

Within the articulated priority of Results-Driven Accountability by the U.S. Department of Education's Office of Special Education Programs, the purpose of this federal special education entitlement grant program is to provide funds to ensure that eligible students with disabilities receive a free and appropriate public education that includes special education and related services designed to meet their individual needs.

Early Childhood SPED (262) - Federal

The purpose of this federal special education entitlement grant program is to provide funds to ensure that eligible 3, 4, and 5 year-old children with disabilities receive a free and appropriate public education that includes special education and related services designed to meet their individual needs in the least restrictive environment (LRE). School Districts are required to ensure that children, aged 3 through 5, who need special education and related services, receive these services through free and appropriate public education (FAPE), in accordance with the Individuals with Disabilities Education Act - 2004 (IDEA-2004) and Massachusetts Special Education laws (M.G.L. c. 71B) and regulations (603 CMR 28.00).

Coordinated Family and Community Engagement Grant (237) - State

The Coordinated Family and Community Engagement (CFCE) Grant will provide families with access to locally-available comprehensive services and supports that strengthen families, promote optimal child development and bolster school readiness.

IPS Revolving Funds, description of certain major program funds:

1. **Food Services** is a revolving account to support the operations of the schools' food service programs offering nutritious, USDA-compliant meals to all students. It supports the salaries for school culinary staff, and the purchasing of food products, culinary supplies, and non-capital kitchen equipment.
2. **Athletics** (high school or middle school) is a revolving account funded by student user fees, gate receipts, and donations or other allowable contributions with all revenues for the exclusive use of our athletic teams for expenses such as coaching stipends, game officials, team supplies or gear, uniforms, transportation, ice/course/field fees such as rentals, etc.
3. **School Building** Use is a revolving account which generate revenues from fees paid for the rentals of IPS facilities by outside groups. These fees support the custodial staff working these events as well as purchasing supplies and materials for building maintenance due to the occurrence of these outside rentals, as well as to offset the overhead costs of the programs, including utilities, in the rented facilities or buildings.
4. **School Bus Transportation** fees are collected from students who purchase bus passes for transportation in the district. These fees support the cost of administering the bus contract, fuel escalation metrics, transportation supplies and a clerical stipend.
5. **Preschool tuitions** are collected and deposited into a revolving account for the elementary Preschool program to support a portion of teacher and/or support staff salaries, curriculum supplies, materials, technology, or other items needed for the exclusive operation of the preschool program. The Tiger Tots revolving fund also operates in this manner with its own separate account.
6. **Extended Day Program** has an exclusive revolving account which supports the provision of various educational and enrichment opportunities for students for a fee. The revenue supports the salaries and benefits for staff, enrichment providers/vendors/consultants, program supplies, curriculum materials, technology, equipment, and helps offset the costs of utilities in the building(s) that house EDP.
7. **Circuit Breaker** is a special education revenue account funded by the state through a reimbursement formula based on the prior year's extraordinary special education costs. These funds can only be used to support similar special education costs in a subsequent year, including to offset the costs of Out of District tuitions for students in such placements. One full year of reimbursement may be carried over per year to offset tuitions.
8. **School Choice**: The school choice statute does not provide explicit guidance as to the allowable uses of choice tuition revenue. There is a requirement that municipalities place such revenues in a special revolving account for exclusive use by the school district for generally acceptable educational purposes. DESE has indicated that allowable expenditures include any expenditures for staff, materials, equipment, or services that directly enhance the quality of a district's educational programs and benefit all students, including the administration of these education services.

A school district may also use Choice revenues for other expenditures that enhance current educational programs. For example, but in limited circumstances, it may be appropriate to use tuition revenues for the construction or renovation of a science lab or art room. Because the state statute requires that the school committee spend the Choice revenues, the committee may not transfer these funds to another municipal department for purposes unrelated to education. Additionally, local school committees may not transfer funds for the payment of debt service, even if the debts were incurred by the municipality for a school-related capital expenditure, as such expenditures are not within the scope of the school committee's power or authority.

PAUL F. DOYON MEMORIAL SCHOOL EDUCATIONAL GOALS FISCAL YEAR 2026

- The Paul F. Doyon Memorial School will ensure that all students are provided supportive and rigorous educational experiences that meet their social, emotional, and academic needs.
 - **Educational Focus:** Continue to utilize assessment data to target student instruction, while supporting teachers with meaningful professional development experiences. Consider our building schedule for enhancements, reinforcing the importance of Tier 2 and Tier 3 interventions for our learners (both academically and social-emotionally).
- The Paul F. Doyon Memorial School will ensure that all students are immersed in an engaging and challenging academic program built on authentic, profound learning experiences driven by the Successful Habits of Mind.
 - **Educational Focus:** Strengthen and expand our presence of Responsive Classroom philosophy throughout our learning environment, while engaging students in meaningful, experiential learning. Infuse student voice and choice into activities, encouraging student reflection and goal-setting.
- The Paul F. Doyon Memorial School will ensure that all students will be prepared to face the challenges presented by an increasingly complex world that is more diverse than our immediate learning community. As a community, we will continue to embrace the cultural, ethnic, and gender identities of our students and families; honor identities and amplify marginalized voices within the school; integrate cultures, ethnicities, and other diverse backgrounds into the curriculum; and explore creative ways to build awareness of diversity.
 - **Education Focus:** Reflect on our school traditions, ensuring they are representative of all community members, while simultaneously continuing our work on No Place for Hate. We will continue to maintain outreach and connection to stakeholders throughout our community in support of students across all grade-levels, PreK to 5.

Ipswich Middle School

IPSWICH MIDDLE SCHOOL FISCAL YEAR 2026

IMS Kindness shirts for all - sponsored by the Kindness Club

Our mission is to create a nurturing community where students are encouraged to develop confidence as lifelong learners with the awareness and flexibility necessary to adapt to a changing world. We strive to bring out the best in every student and adult in our learning community.

IPSWICH MIDDLE SCHOOL EDUCATIONAL GOALS FISCAL YEAR 2026

The Ipswich Middle School staff will engage students in the power and joy of learning by providing robust academic and related arts programs that inspire curiosity and support the needs of all students. To encourage social participation, a variety of extracurricular, after-school activities and opportunities will be offered.

The staff at Ipswich Middle School will focus on building strong relationships with students and supporting them and their families with resources for emotional health and academic success through Restorative Circles.

Resources from this budget will:

- Develop a program to support Special Education students with high needs in our school which will offset expensive outplacements and keep students with their peers.
- Provide social emotional support for students requiring therapeutic supports.
- Purchase of a Health Curriculum, as DESE has passed new Comprehensive Health Standards.
- Continue the implementation of the Illustrative Math Curriculum, Grades 6-8.
- Continue to offer World Language curriculum and cultural experiences in grades 6-8.

IPSWICH MIDDLE SCHOOL BUDGET HIGHLIGHTS

Net Budget Increase: \$ 175,641

Net Budget Increase: 3.19%

- Development of a specialized program designed to support high-needs Special Education students by providing individualized services tailored to their unique needs. This program ensures that students receive the necessary support to access a free and appropriate public education (FAPE) within our school community.
- Addition of an RBT and a paraprofessional to meet the needs of students in the program.
- Purchase of a Health Curriculum for grades 6,7,8 as a result of the new DESE Comprehensive Health Standards.

- School Bus transportation contract to be extended (expires June 30, 2026)

Department of Student Services

Vision Planning &
Budget Presentation

February 5-6, 2025

Strategic Planning Process

Strategic Priorities: FY26 - FY30

1. Redefining & Rebranding the Department
2. Efficiency & Calibration of Resources
3. Ensuring Authentic Opportunities for All Students
4. Align Practices For Special Education Services and Decisions

FY26 Budget Planning Priorities

1. Maximize alignment and efficiency with district-wide department budget needs
2. Create new programmatic structures to a.) establish equity; b.) maximize inclusion
3. Analyze current and projected out-of-district costs (tuition & transportation) to prioritize fiscal responsibility

Budget Priority #1:

Maximize Alignment & Efficiency of Resources

- **Improved Efficiency & Resource Allocation:** Streamlining budget processes ensures resources are directed where they have the greatest impact.
- **Enhanced Service Delivery:** Consolidating services to the central budget minimizes redundancies and increases efficiency across schools.

1.

Move OT and PT positions to central budget

2.

Move ESY (summer) services line to central budget

3.

Move contracted services to central budget

4.

Move most assessment supplies to central budget

Budget Priority #2:

Create New Programmatic Structures

Expanded Therapeutic Supports

1. Addition of therapeutic clinician at Ipswich Middle School
 - *Newly budgeted position for FY26 in IMS budget*
2. Addition of therapeutic teacher at IHS
 - *Position transfer from Winthrop to IHS in FY26*
 - *Net neutral cost*
3. Addition of school adjustment counselors: Doyon & Winthrop
 - *Position reallocations in FY25*
 - *Net neutral cost*

Investment in Early Childhood Coordinator

1. Provide leadership, oversight, and PD/training for EC staff
2. Oversight of PreK/K screenings, special education mandates; MTSS/Dyslexia mandates & goals for early intervention.
3. Liaison between with Early Intervention agencies and private preschools to support smooth transitions

1.

Enhanced Emotional & Behavioral Support

2.

Stronger Tiered Systems of Support

3.

Investment in our youngest learners (PreK/K)

4.

Stabilization of out-of-district referrals

Invest in in-district therapeutic structures

Budget Priority #3: Prioritize Stabilization of Out-of-District Costs

Maintain proactive mindset for supporting **ALL** students
