HONORS CONTRACT

Our academic program is designed to meet the needs and expectations of our students. We offer courses at different academic challenge levels designed to meet individual student needs. Decisions related to appropriate placement are made based on students attaining academic success in related courses meeting pre-requisites as well as teacher recommendations.

We respect the right of students and parents to aim for appropriately challenging curriculum options, therefore, the course will be taught focusing on the expected level of preparation of students who have met pre-requisites. All students will be expected to meet these levels. Courses may not be dropped after the 1 week withdrawal period.
